Standardisation of Townsville Port Service Charges

Dear Valued Customers,

Swire Shipping will be standardising the Port Service Charges in Townsville for both import and export shipments. This standardisation process will also better align our Port Service Charges with recent increases in port charges passed through by the relevant statutory bodies.

The revised charges are as below:

Direction	20'	40'
Import and Export	AUD162	AUD323

The first effective vessels with the revised charges will be:

Townsville Imports: Mia Schulte 1808S ETA 25/7
Townsville Exports: Mia Schulte 1808N ETD 28/7

Swire Shipping appreciates your continued support. Please contact your local customer service representative should you have any questions.

Yours sincerely,

Swire Shipping
